Yellow Fin Tuna

Popping & Jigging

Big Game Trolling

Sail Fish

Wahoo

Giant Trevally

EXPERIENCE THE ULTIMATE FISHING!

Located in the Indian Ocean, Christmas Island was once a living volcano under the sea floor and has been described as "The Galapagos of the Indian Ocean". The island is surrounded by a rugged coast that is covered with a rich jungle environment and is home to many endemic species. Due to its location 1300km south of Singapore and 2600km north west of Perth, it has a tropical climate with temperatures ranging from 20-30°C, similar to that of its closest neighbour, the Cocos Keeling Islands. Being widely known for the annual Red Crab migration, the island has a wide variety of sightseeing options and can truly offer visitors a range of activities to provide you with the holiday experience you have been waiting for!

The waters surrounding Christmas Island are unique due to its steep descent into the abyss, thanks to being located next to the Java Trench. Within 500 metres from the shore line it's possible to catch the usual exotic fish found in tropical waters, however there is one main BIG difference! Due to relatively minimal commercial fishing and the fact that other possible predators have bountiful supplies to feed from, the amount and the size of fish available in this area is extraordinary!

Various HUGH predatory fish such as Giant Trevally up to 50kg, Wahoo up to 30kg, Yellow Fin and Dog Tooth Tuna up to 80kg and Sailfish up to 70kg use the waters surrounding Christmas Island as a safe feeding ground. Imagine popping and jigging for Giant Trevally and Dog Tooth Tuna. Snap up your own record breaking prize catch on Christmas Island.

Specialising in **Popping and Jigging**, cast out and work huge poppers around the reef structure to entice Giant Trevally, Dog Tooth Tuna, Yellow Fin Tuna, Wahoo and the likes, to come up and hit the popper on the surface, usually in exciting and heart stopping surface explosion! Or let the fish around Christmas Island give your arms and gear a good work out while **Deep Water Jigging**. Just hang on and put your skill and gear to the test!

Promoting tag and release of the more magnificent creatures, Christmas Island offers fishing enthusiasts Game Fishing with **troll, casting or jigging** to tantalise your appetite. What ever your preference, packages can be tailored to any individual, group, corporate or exclusive charter of the vessel.

Island Explorer Holidays specialise in FISHING package holidays to Christmas and the Cocos Islands!
