out of the water to experience on your Cocos Islands Holiday.*

Wind Surfing

Kite Boarding

Surfing

Fishing

Glass Bottom Boat

Reef Walking

Island Exploring

EXPERIENCE THE ULTIMATE ADVENTURE!

The Cocos Keeling Islands are made up of 27 coral islands, forming a horseshoe shaped atoll encircling the lagoon. Often described as a seemingly "Untouched Paradise" and with temperatures ranging from 20°-30°C, the islands offer all tourists from families and couples to eco naturalists and water lovers, a thoroughly relaxing destination. The Cocos Islands reside 2700 km north west of Perth. Cocos and it's neighbour Christmas Island are part of Australia and offer travellers a quiet and secure island holiday destination. Unwind on the various secluded islands within the atoll or immerse yourself in the culture and history of Home Island. Cocos Islands can provide you with the holiday experience you have been waiting for!

The tropical waters of the Indian Ocean surrounding the islands and the sheltered lagoon, offer the perfect playground for the abundant species of marine life. Local Islanders have supported their families for years from the multitude and diversity found in the sea. You too can experience the wonder of catching your own fish from the jetty or cast out from the many beaches around the Cocos Islands. Check with locals as to the best time and place to truly experience you're **fishing** adventure.

With waist deep warm water and continuous breezes, the Lagoon on Cocos is the perfect place to play and improve your **Wind Surfing** or **Kite Boarding** skills. Groups head north each winter as the south east trade winds start usually from July to September. Specially designed wind surfing packages including lessons and board hire are available. Another popular pastime during the trade wind season is **Surfing**, with a consistent left hand break, the Surf Shack beach is located close to the centre of town and is accessible on push bike. As space on the aircraft is limited, notification of all sporting equipment to Island Explorer Holidays, is essential prior to departure.

For those adventure seekers that prefer the not so extreme, **Glass Bottom Boat** tours offer visitors the chance to witness this under water paradise and to explore some of the uninhabited islands. With the expert guidance of a local guide tailoring experiences to suit your needs, this adventure will be the highlight of your holiday.

From the southern end of West Island explore your way around the atoll visiting the neighbouring islands in low tide. This free self discovery experience of **ReefWalking** and **Island Exploration**, is the ultimate journey in your Cocos Island Adventure!

Island Explorer Holidays specialise in ADVENTURE package holidays to Christmas and the Cocos Islands!
